

Backpack Checklist

Hauppauge Public Library has assembled 100 backpack kits that each contain 10 books. If you check out each backpack once, you will have read 1,000 titles and completed the 1,000 Books before Kindergarten project. Keep track of which backpacks you check out with this handy checklist. (Remember: You can also use other books to complete this project. These backpack kits are designed to make choosing books easier.)

I've checked out the following backpacks:
