

# Troopons Coupons

## VOLUNTEER PROJECT FOR TEENS GRADES 6-12

For most of us, it is easy to collect and use coupons -- our papers and magazines arrive full of them. For military families on bases, it can be a bit harder. However, the stores on military bases (both overseas and domestic) accept manufacturer coupons -- even *recently* expired ones (see below). A non-profit organization, SupportOurTroops.Org, has taken on the project of distributing these valuable coupons to base stores worldwide, to help the financial well-being of American military families. Help out by participating in this project!

### How to Complete this Project:

**1. Collect coupons:** Only "Manufacturer's Coupons" can be used. They can be from newspapers, magazine inserts, dispensers in grocery stores, tear-pads, etc. as long as they state "Manufacturer's Coupon" on them. Troopons does *NOT* collect assistance vouchers, food stamps, store coupons, restaurant coupons, or internet coupons.

**2. Sort the coupons into two piles by date:**

- *Expired, but still usable:* coupons ranging from two months prior to the current date through one month beyond the current date.
- *Unexpired:* coupons with dates two months from the current date and beyond.

Example: if today is Jan. 2021, coupons dated March 2021 and beyond are Unexpired; coupons dated Nov. 2020 to Feb. 2021 are all considered Expired, but still usable. If this is confusing, see the handy document named: Troopons Coupons Useful Info.

**3. Cut the coupons.** All coupons must be cut around the dotted lines into individual coupons, not just a sheet containing the coupon. Coupons that are not cut will be recycled at the Troopons offices without moving on to families, due to a shortage of staff on their part to cut uncut coupons.

**4. Sort the two piles of coupons into eight piles by category:** The Expired and Unexpired coupons should each have separate piles of the following categories: Food, Non-Food, Baby Items, and Pet Items.

**5. Bag up the eight categories:** Use sandwich-sized Ziploc bags for each of the eight categories. Write the specific category on the bag in sharpie (Expired or Unexpired and Food, Non-Food, Baby, or Pet). Then, use a calculator to count the total retail savings in each bag and write the amounts on the outside of the bags.

**6. Take a picture:** Arrange all the bags on a surface and snap a picture. Send the picture, along with your full name, phone number, and grade level to [help@hauppaugelibrary.org](mailto:help@hauppaugelibrary.org) with the subject line: Volunteer - Troopons.

**7. Mail the finished project to:**
