

BOOK DISPLAY ENGINEER

Teen Volunteers Grades 6-12

Our goal with this volunteer opportunity is to showcase library books in a fun and creative way in order to get teens (and other library guests) interested in checking out the books. Your work here will help us to create displays in our teen department that will do just that.

How to complete this project:

1. Choose a theme that will be interesting for teens in grades 6-12. Your theme could be virtually anything, as long as you can support your idea with enough titles from the library's collection to make a list of 20 books. Some examples: books that feature dogs; books that will make you laugh; books that have hearts on the covers; books where characters go on a road trip, etc. Your theme is only limited by your imagination, and what we have on our library shelves!
2. Please limit your titles to Young Teen and/or Young Adult section of the library. The library catalog will help you figure this out: call numbers for your books will be listed as YT or YA in our catalog. (You can include fiction and/or non-fiction titles.)
3. Create a list of at least 20 books (with the authors) that fit your chosen theme. Hauppauge Public Library must own these books! Please check the library catalog on our website before including any title on your list.

How to get credit:

Email the theme and the list of 20 book titles (with authors) to the following address: help@hauppaugelibrary.org with the subject line: Volunteer Book Display Engineer.

In the body of the email, include your full name, phone number, and grade level.

Within approximately 5 days, you will receive notification of your community service credit.

Teens will receive one (1) hour of community service for one booklist. Maximum credit for this project is one (1) hour, which equals one (1) booklist, per newsletter season: Winter (Dec/Jan/Feb); Spring (Mar/Apr/May); Summer (Jun/Jul/Aug); Fall (Sept/Oct/Nov).
