

Nayana Mehta is the President & CEO of Strand Consulting corporation, based in Hauppauge, NY for the past twelve years. A resident since 2001, she is happily married with two children. Both her kids have been avid readers and regular patrons of the library .They are currently pursuing medical and engineering degrees from George Washington Medical School and Columbia University, respectively. She has been active in the Hauppauge Schools by participating in the science olympiad, robotics club, science fair and volunteered on search committees to hire principals and teachers. She participates in volunteer programs like Mehindi, packing food for the homeless, a Mehta Family scholarship for high school students and organizing activities to help the community. She received her masters degree in finance and business, as well as a Chartered Accountant degree. She is proud of her background and experience and believes it will offer the Board a unique perspective in their deliberations.
