To Our Community,

On March 28, 2022, we adopted a strategic plan with a vision toward “building meaningful connections and opportunities.” We directed the staff to develop a plan to bring this to life. We believe it is working. Almost every count of use at the library – visits, check out of materials (both physical and online), event and seminar attendance, computer use, Wi-Fi use, questions asked, museum passes used, and website visits are projected to top last year’s numbers. More of the community is using their library and we could not be happier. Our events – including Fridays Out Front and Trunk or Treat – remain popular with all ages, as do our summer and winter reading clubs. We are proud of the Library and hope you are too.

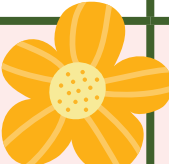

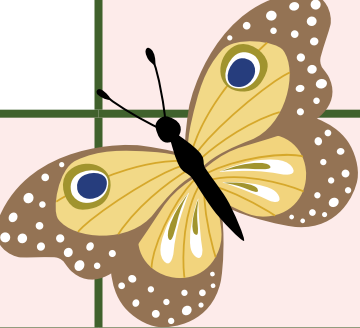

The proposed budget does not pierce the tax cap. The increases in expenditures include rent, property tax, electronic materials, and events and seminars, in addition to personnel costs that are helping us retain our staff.

We hope the Library remains a vital place for you. We hope it is a point of pride in describing what Hauppauge has compared to other communities. We also hope you take advantage of what we offer and let us know what you need. It is our pleasure to help this Library be as responsive to the communities needs as possible.

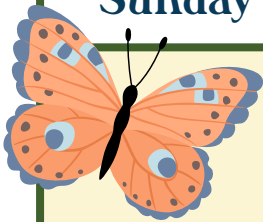

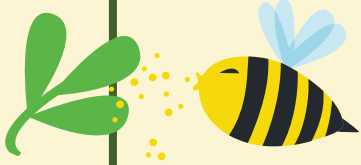

Take advantage of all that your public library has to offer and please take the time to vote on April 4. If you have any questions, please contact our CEO, Matthew Bollerman, at 631-979-1600 or matthew@hauppaugelibrary.org
